

Australia's Best Umbrellas

INSTANT SHADE
UMBRELLAS

Welcome to the Instant Shade Umbrellas collection

Instant Shade Umbrellas are designed in Australia for Australian conditions. We work closely with our factories to ensure the highest standards of quality control and precision manufacturing. We use the finest quality outdoor fabrics and marine-grade metals, pulleys, cords and zips.

All products are backed by an industry-leading Australian warranty, support, service and spare parts.
We are proud of our products and stand by them.

Instant Shade Umbrellas Commercial Range

We have been providing umbrella shade solutions for events, hospitality, resorts and other commercial projects for over 25 years. We have a wide range of products to suit any requirements, and can custom manufacture to meet specific requirements.

Umbrellas can also be branded with logos and high-resolution digital graphics for maximum brand exposure.

No matter whether your commercial project is big or small, local or international, Instant Shade Umbrellas will work with you to create the perfect shade solution.

The Nova HD

Commercial Range

The Nova HD

Giant Umbrella that offers Maximum Shade Protection for Large Areas

- Telescopic mechanism opens and closes easily above furniture
- Extremely sturdy and robust – engineer wind rated up to 100km/h depending on umbrella size
- Huge sizes provide maximum shade protection
- Water-repellant canopy also offers rain protection
- Non-permanent installation – can be removed from mounting if required

The Nova HD

With LED lighting option

Energy efficient LED lighting along with a robust rust proof aluminum frame will transform your outdoor dining area into an elegant and inviting space.

- Integrated LED light kit built into the Nova HD umbrella mast and support arms
- Operate via remote control (included with kit) or download app
- Adjustable white lighting
- Tunable RGB lights with colour options
- Download the app to schedule timers for auto on/off

The Cafe Series

Durable, Robust, Modern Commercial Market Umbrellas

- Easy to open and close with rope & pulley system
- Water-repellant and fade-resistant canopies
- Lightweight anodized aluminium frames
- Moveable bases or council-approved in-ground fitting systems
- Screen and digital printing of logos available
- Engineer wind rated to 60km/h (when installed)

Branding

Printing umbrellas with your logo or custom artwork is a great way to promote your brand outdoors, whether it be on the footpath in front of a café or an activation at a major sporting or cultural event.

We are experts at manufacturing branded promotional umbrellas and can assist with designs to make your brand STAND OUT.

Screen or Digital printing is available and our graphic artists will work with you to achieve the most cost effective and impactful results.

Cafe Series

Commercial Range

Panorama

Perimeter Frame Umbrella Structure

- Designs that place structural columns to either the centre, side, or corners of the square or rectangle canopy allow for the optimum layout of your covered space
- Perimeter frame around the canopy edge allows easy attachment of drop-down blinds to completely weather proof your outdoor hospitality space
- Engineered for winds up to an impressive 148kph as standard, the Panorama can be customised for even greater wind speeds, making it ideal for elevated and exposed locations

Typhoon

Designed for Extreme Winds

- Fixed frame offers the freedom of permanent shelter, even in challenging wind prone environments
- Engineered to withstand wind speeds of up to 148kph (W41) when open
- A range of standard sizes offer extensive shade coverage
- Robust reinforced strut design for superior wind resistance and long-term performance

Sunset

Retractable Centre Column Umbrella

- A sophisticated robust internal gearing mechanism ensures swift and easy retraction of the umbrella in any weather
- Engineered to withstand wind speeds of up to 118kph open, and up to 148kph closed
- Available in square, hexagonal and rectangle in a range of standard sizes
- An architectural grade PVC Canopy, that is waterproof, heat reflective, and UV resistant, keeping you dry, cool, and sun-safe

Vista

Cantilevered Umbrella Structure

- Sophisticated robust internal gearing system allows the swift and easy operation of the umbrella
- Purpose built to perform outdoors, the Vista's open canopy has been engineered to withstand wind speeds up to an impressive 118kph open, 148kph closed
- Multitude of sizes offer extensive shade coverage
